FILED:	JANUARY 3, 2001		CONFIRMATION NO.:	1708
TITLE:	FLOATING CABLE STOP FOR A CABLE ACTUATED BICYCLE COMPONENT			

Assistant Commissioner for Patents  
Washington, D.C. 20231

AMENDMENT B

Sir:

In response to the Office Action mailed in the above-captioned application on October 8, 2002, Applicant responds as follows:

IN THE CLAIMS:

*2017*

2. The bicycle cable guide system of claim 1 wherein the first axially fixed connector comprises a first length of flexible housing receiving the flexible cable and a ferrule between a first end of the housing and the first length of flexible housing.

*B2*

6. The bicycle cable guide system of claim 5 further comprising:  
a second length of flexible housing having substantially the same inner and outer diameter as the first length; and  
a second ferrule joining an end of the second length of flexible housing to a second end of the straight length of axially and radially rigid tubing.
